

Letter of Reasonable Accessibility

To Whom It May Concern:

August 7, 2020

As a self-educated web accessibility tester and remediator, I provide this Letter of Reasonable Accessibility regarding the website accessibility of the business website at ABCLegalDocs.com.

This determination is based on the Accessibility Plan developed and followed by ABC Legal Docs, LLC to comply with Title III of the Americans with Disabilities Act (ADA) and the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines (WCAG).

This plan includes providing accessibility of the most vital web pages offering business services and customer support. I have tested, reviewed results, and remediated the content of those vital pages to comply with the WCAG version 2.1 standard at a Level AA rating.

We are not able to fix accessibility problems outside of our control, caused by the WordPress software, theme, or plugins. We will watch for newer or alternative software versions or tools that fix these problems. Meanwhile, alternative solutions to provide reasonable accommodations will be made available upon request.

Implementing this plan remains an ongoing process of continuing learning, training, testing, remediation and technical support in website accessibility.

Detailed test procedures, findings, and completed remediation efforts are available upon written request.

As a mobile and online service provider, we do not have a walk-in office physical location.

Sincerely,

ABC Legal Docs, LLC
